CLUB MEN MEET IN NEW YORK

To Celebrate National League's
Fortieth Birthday at Wal-
dorf Astoria, Wednesday.

New York, Feb. 8.—Baseball club owners as well as many patrons of the national game began gathering here today to take part in the celebration of the National League's fortieth birthday, which will be honored at a banquet at the Waldorf-Astoria hotel next Wednesday evening.

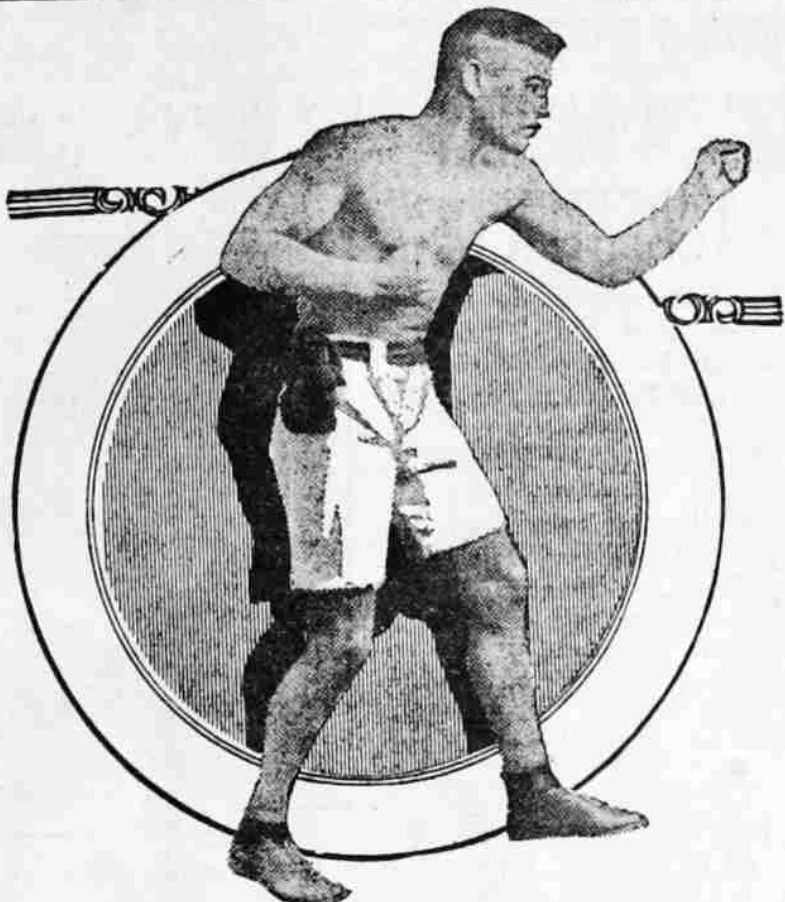

The reconvened annual meeting of the league in conjunction with the regular session for the adoption of a playing schedule for the coming season will be held here tomorrow. On account of the unsettled financial condition of the Cleveland club the American league schedule meeting, which was to have taken place here tomorrow, has been postponed for a week and many of the junior organizations' club owners may not be on hand for Wednesday's festivities.

Two New Presidents.
President Tener and his associates in the National league will welcome two new club presidents at the meeting tomorrow—Percy D. Haughton, who, with his associates, purchased the Boston Braves, and Charles Weeghman of Chicago, who represents the majority of stock in the recently acquired Cubs of that city. Undoubtedly, Haughton will be selected to fill the position on committees which were held by James F. Gaffney, former owner, but Weeghman will not be required to accept any new duties in this respect, as C. H. Thomas was not a committee member.

To present New Rules.
President Ebbetts of the Brooklyn club will submit to the delegates at tomorrow's meeting a revision of the present rules governing the drafting of players. The Brooklyn magnate has been working on the proposed plan longer than two years and he claims its adoption will benefit the second division clubs in both major leagues.

Several other important matters which had not been reached at the December meeting of the league be-

INTEREST SHOWN IN COMING BOUT

Large Crowd Expected When
Romanoff and Constanarus
Wrestle in Salt Lake.

Salt Lake, Feb. 8.—Much interest is being aroused in local wrestling circles over the handicap bout to be staged in the Grand theatre between George Constanarus, the phenomenal Greek middleweight, and Konstantine Romanoff, the powerful Russian grappler. Both matmen are past masters at their art and determined to win a place in local sportdom by a brilliant victory.

The Russian, who has contracted to dump the Greek twice in seventy-five minutes, which the followers of Constanarus declare will be too big an undertaking, has been wrestling with great success in this country and has met some of the best heavyweights he is a coming mat man.

The two men have been in training in Salt Lake for several weeks and are fully acclimated. Both are of the rough and tumble variety. The Greek, especially, comes to Salt Lake with a great reputation in New England and the East. He has had little trouble in winning from middleweights and will be a tough customer for his big opponent, declare his friends.

Promoters of the bout will endeavor to get a place for the two men to work where the fans can watch them. Some of the best wrestlers among the local bunch of grapplers will act as training partners and some lively scenes will be enacted in training quarters.

The middleweight has a large following among the local Greek colony, who hope to see him in action against Mike Yokel before the wrestling season closes. They are backing him to win the handicap match from the Russian and will then demand a bout with the Jackson Hole hermit.

This bout is but one of many stellar shows which will be staged at the Grand theatre. Probably the greatest line of wrestling bouts ever pulled off in the intermountain region are lined up for local fans. This handicap affair will be one of the ring leaders and will give the fans an appetite for the others that are to come.

FEDERAL SUIT IS DISMISSED

Suit Against Organized Base-
ball Pending Settlement for
a Year Dismissed.

Chicago, Feb. 7.—The suit of the Federal league against organized baseball, based on alleged violation of the federal anti-trust laws, was dismissed today in the United States circuit court here by Judge Kenesaw M. Landis on motion of counsel for the Federal league.

For more than a year the suit with its possible outcome had hung over the baseball world. Its withdrawal was one of the stipulations in the recent peace agreement between the Federal league newcomers in baseball, and the older leagues.

No objection to the order of dismissal was advanced by counsel for the Baltimore Federal league club, though that organization had declared its dissatisfaction with the terms of the peace agreement.

Baseball Clean.
In announcing his decision to allow the motion for withdrawal, Judge Landis said that the closest examination of the evidence and arguments had failed to reflect on the honor of

the game or upon any individual player.

Fears that objection to the withdrawal would be entered by the Baltimore club of the Federal league were proved groundless when Stuart S. Janney, counsel for the Baltimore Federal, entered his appearance in the case, but interposed no objection to the dismissal of the proceedings.

The motion for withdrawal was presented by Attorney S. L. Swarts of St. Louis representing the Federal league, and was concurred in by Attorney Harry P. Webber, representing George W. Miller, counsel for organized baseball.

After directing that the suit be dismissed, Judge Landis said:

"The motion for a preliminary injunction was presented to this court a little more than a year ago. The whole structure of organized baseball was immediately plunged into litigation. Aside from the interest of baseball fans there were two sides to the controversy, organized baseball and so-called outlaw baseball. There was a very full argument on every point involved presented to the court."

DOWN FIFTH ADVISORY**

Paris, Feb. 7, 10:50 a. m.—Sergeant Pilot Guynemer, 31, of the French flying corps, has just brought down his fifth German adversary and has been mentioned for his exploit in an official communication.

He flies alone and uses a great biplane which makes ninety miles an hour. He accounted for four machines in nine days.

In December he fought a spectacular duel over the French lines, with his comrades-in-arms cheering enthusiastically below.

GLASS OF SALTS IF YOUR KIDNEYS HURT

Eat less meat if you feel Back-
achy or have Bladder
trouble.

Meat forms uric acid which excites and overworks the kidneys in their efforts to filter it from the system. Regular eaters of meat must flush the kidneys occasionally. You must relieve them like you relieve your bowels; removing all the acids, waste and poison, else you feel a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach sour, tongue is coated and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment; the channels often get irritated, obliging you to get up two or three times during the night.

To neutralize these irritating acids and flush off the body's urinous waste get about four ounces of Jad Salts from any pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine and bladder disorders disappear. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate sluggish kidneys and stop bladder irritation. Jad Salts is inexpensive, harmless and makes a delightful effervescent lithia-water drink which millions of men and women take now and then, thus avoiding serious kidney and bladder diseases.—Advertisement.

ARMY LECTURE AT THE WEBER CLUB

A meeting of persons interested in the movement for the establishment of a Utah citizens' training camp will be held tonight at the Weber club, and the general public is invited to attend. In extending the privilege to meet at the club, to the committee, President W. H. Wattis stated that the club could not take any active part in making plans for the series of lectures that are to be given in the

city on the questions of "Military Science" and "Preparedness," but that the club would provide the first meeting place.

The lectures tonight will be given by Captain Wallace of the United States army and Lieutenant Guthrie of the United States navy. The meeting will begin at 6:30 o'clock, so as not to conflict with the time set for the regular inspection of the National Guard company of Ogden. Special invitations are being extended to all Spanish-American war veterans, all former regulars or militiamen, and members of various local rifle clubs, to attend.

Reserve your seats for Hawthorne's Minstrels with the Hippodrome. 10c and 20, evenings.

NAVY MEASURES GO TO SENATE

Speaker Clark and Representative Mann Urge Passage of Bills in House and Party Lines Are Obliterated.

Washington, Feb. 8.—Two house measures to strengthen the navy over to the senate today.

One is a bill to provide for adding about 300 midshipmen to the entrance class at Annapolis next July and the other calls for equipping of the navy yards at New York and Mare Island for the construction of battleships numbers 43 and 44.

Speaker Champ Clark took the lead in urging passage of the two measures in the house. He was strongly supported by Representative Mann, the minority leader, with the result that party lines were obliterated and both measures passed the house without a dissenting vote.

Emil Seidel, ex-mayor of Milwaukee and candidate for vice-president on the Socialist ticket in 1912 will speak at the Methodist church tomorrow night. Admission 25 cents.

ENORMOUS WASTE IN U. S. FORESTS

Bureau of Foreign and Domestic Commerce Investigation Reveals Almost Criminal Loss in Forest Resources.

Washington, Feb. 8.—Enormous wastage of American forest resources is revealed by an investigation of the bureau of foreign and domestic commerce.

A bulletin on lumber by-products issued today said that waste in the logging industry amounts to from 15 to 20 per cent of the timbers cut, or about a billion and a half cubic feet of wood annually. Sawmill waste also amounts to several billion cubic feet of wood, although not all of it is absolute waste. It is stated further that only 320 feet of lumber is used for each 1,000 feet that stood in the forest.

fore it was interrupted by the peace proposals will be discussed tomorrow. One of these is that the player limit be increased from twenty-one to twenty-five. When the limit of twenty-one was adopted it was said to be a necessary precaution, in view of the existence of the federal league's war on organized baseball. With that obstacle removed now the club owners believe that this measure of retrenchment is not desirable and the majority of them are said to be in favor of increasing the player limit to twenty-five again.
